

SE SHOW NEWS

July(2) edition

Report number 3.. Full is full!

I am delighted to be able to report that the **South East Show is full.**

All of the 40 exhibitors vats have been taken and we actually have 41 exhibitors currently booked.

We know from experience that things can change between now and the show and we have a waiting list currently standing at 5 people in case there are cancellations.

Equally all of our Show Vats are now fully sponsored. A list of sponsors can be found on the right.

And last of all, we have now closed dealer bookings until further notice. We have had a steady stream of enquiries resulting in the relevant booking forms being sent out. Some have not returned them or let us know that they aren't interested and as a result we have more outstanding requests than available spaces. So for the time being we have suspended the taking of further bookings and will now operate a waiting list until we are certain where we stand.

We will wait until the 1st of August to allow those outstanding forms to be returned and then finalise everything then. But we are certain we'll be able to match previous shows with the variety and quality

of our dealers. You'll see some new faces, some familiar faces and also the return of some old faces that have been off the show scene for a while.

A list of those signed up as of the 22nd July can also be found on page 3.

If the date isn't already in your diary it's the 29th & 30th August.

See next page for the show flyer.

Thanks for your support!

Book signing, where else but here...?

Ok, so it's not really a book, it's a booklet, and it's not really a book signing it's a bit of fun. But on both days for an hour a day Syd Mitchell our water expert will be available to sign copies of this beginners guide.

Beginners guide it is, but its also a very handy reference document for water testing in general. It not only tells and shows you how to test for each water parameter, it tells you why each particular test is important and the symptoms your koi will display if a particular parameter exceeds the recommended level.

On sale for an extortionate £1.98 keep your ears peeled for the announcements of when the signings are taking place.
