No Koi — No Life!

Koibito Japan is launching a new logo, to represent Japanese Koi across Japan, and the rest of the world. You will be seeing this symbol throughout Japan at breeders, and also in koi dealer's shops too. This mark means the koi you see are Japanese Koi, produced by Japanese breeders, and are of the highest quality possible.

"Koi Nerding" All Japan 2012 Part 1

by Kevin Ellis plus

Koi Nerding at the AJNPA

Check out the latest video in Kevin Ellis' Koi Nerding series. It starts with Kevin at home doing some domestic chores before jetting off to the AJNPA Show. It ends up with a bemused and scruffy Kev going on to the stage to collect a prize for a Kohaku he had growing on out there. After the show he heads off to Niigata in search of more koi. At one point Kevin returns to a breeder he saw on the first day to decide whether or not to purchase. See if you end up shouting at the screen like I did.
